Hard Skills

Microsoft Office

HTML, CSS, Bootstrap, JavaScript, jQuery, PHP, Laravel, SQL, Git

Project

mini projects are not included

Orion Clothing E-commerce (App + Admin Panel) - HTML, CSS, Bootstrap, JavaScript, jQuery, Ajax, PHP, Laravel, SQL

Certifications

Approvals can be checked in Portfolio

Frontend Developer Course – StrongForce Technology

OOP, DBMS & Framework Building Course – StrongForce Technology

Laravel Framework Course – StrongForce Technology

Full Stack Developer Course – StrongForce Technology

Responsive Web Design – FreeCodeCamp

HTML – Sololearn

CSS – Sololearn

JavaScript – Sololearn

Web Development Fundamentals – Sololearn

Responsive Web Design – Sololearn

jQuery – Sololearn

PHP – Sololearn

SQL – Sololearn

Introduction to Frontend Development – Coursera

Programming with JavaScript – Coursera

Version Control – Coursera

HTML & CSS in Depth – Coursera

HTML, CSS & JavaScript for Web Developers – Coursera

Business English – The SPACE Language Academy

Experience

Consultant Engineer (Part Time) - 11/2022 to Present

Concord Technologies (Hong Kong) Company Limited, Causeway Bay, Hong Kong

- Maintained and fixed the errors of the dispensing machines.
- Gave proper usage training to the staffs of customer.

Education

2013-2019 - B.E. (Mechanical),
Yangon Technological University

Submitted **Thesis** titled “**Improving the Efficiency and Productivity of Garment Factory Using Industrial Engineering Techniques**”.

2012-2013 – Passed matriculation examination, **No.1 Basic Education High School, Dagon**

Mechanical Engineer - 03/2020 to 03/2023

BANDO Manufacturing (Thailand) Ltd. Yangon Branch, Kamayaut, Yangon

- Installed conveyor belts and hoses at the customers' factories after taking inquiry from their engineers.
- Conducted aftersales follow-up services every one month and six months after products were purchased.
- Collaborated marketing with sale team from Nagase (Thailand) Co., Ltd to understand and provide customer requirements.
- Created and ran the Facebook Page, BANDO Myanmar, with the other colleagues.
- Practiced and applied KYT (Kiken Yochi Training, Predict Potential Hazards at Workplaces)
- Translated 3 catalogue books into Myanmar language.
- Gave services of joining and installation of belts and hoses at the workshop of Yangon branch.

Industrial Engineer - 02/2019 to 07/2019

Hungkiu (Myanmar) Garment MFG Co. Ltd, Inntakaw, Bago

- Participated in efficiency project leaded by Efficiency Developer, H & M.
- Instructed Industrial Engineering trainings to the line-leaders and supervisors.
- Created SMV data bank for better pre-line balancing and removing time study.
- Created a culture of recording loss time in sewing lines.
- Tracked the data daily, updated daily efficiency tracker and calculated the efficiencies of sewing lines daily.
- Made time study for new styles and calculated standard minute value (SMV).
- Used method studies in sewing lines, changed new sewing methods and removed non-value added activities.
- Set hourly target output for each operator using capacity study.
- Increased the pilot line efficiency from 42 % to 49 %.
- Assigned 2 subordinates daily tasks and trained them to have the knowledge of time study.

Internship – 12/2018 to 01/2019

H & M Puls Trading Far East Limited (Myanmar Branch Office), Sule Square, Yangon

- Learned industrial engineering two weeks theoretically at the office and practically six weeks in Hungkiu garment factory.
